

Colorado State employees will have the option to **add the J.P. Morgan Corporate Card to Apple Pay, Google Pay and Samsung Pay** to use as a convenient and secure payment method for business purchases—in-store, in-app and online.

Tap. Pay. Go.

- 1**  
OPEN  
*your mobile wallet.*
- 2**  
ADD and  
AUTHENTICATE  
*your card.*
- 3**  
PAY  
*choose your  
corporate card,  
tap, and go.*

You will be asked to authenticate by using a one-time passcode, which will be sent to the email address or mobile number currently on file with your Commercial Card. The one-time passcode could take up to five minutes to receive. Messaging and data charges may apply.

Mobile wallets can be used with millions of businesses and in apps, such as **Grubhub, Starbucks®, Uber™, Dunkin' Donuts®** and more.

A mobile wallet is a way to carry your credit card information in digital form on your mobile device. Instead of using your physical plastic card to make purchases, you can pay with your smartphone, tablet or smartwatch. Mobile wallet transactions enjoy the same benefits and protection as transactions made with your physical card. Your credit line and limits remains the same.

Please note, when adding the card to your mobile wallet:

- Mobile wallet integration is only available to U.S. Corporate Cardholders at this time.
- U.S. Cardholders must be physically in the U.S. or Canada when adding their card.
- If a zip code is requested, it is the zip code on your billing statement.
- Your digital card may look different than your physical card.
